

Sponsor the most trusted, comprehensive analysis of New York City’s housing market

The [State of New York City’s Housing and Neighborhoods](#) is the premier compilation of data and analysis about New York City’s housing, land use, demographics, and quality of life indicators for each borough and the city’s 59 community districts. Advocates, policymakers, journalists, industry professionals, and other influential New Yorkers rely on this up to date information to help shape the city’s future.

How can I support this work? The release of the *State of New York City’s Housing and Neighborhoods* is our highest-profile annual event, typically bringing together over 300 members of the NYC housing and real estate development community for conversation. Our annual launch event centers on the year’s focus chapter and will be held in late spring 2022.

In supporting the annual report, you demonstrate your organization’s commitment to the future of our city. To thank our sponsors for their partnership, we offer the following recognition benefits across the Furman Center’s digital platforms. Please contact our team to learn more.
